

CONCEPT & MOOD

Taces of Seljuk, Ottoman, and Baltic architectural structures can be seen in Kars, respectively. Most of the historical buildings located today have a Baltic architectural style. The project tried to bring together a baltic style with some classical and modern elements in the interior. An eclectic style tried to reach for this project. An important project element is to use wood, columns, and patterns. Creating a suitable plan for a residence and reaching a consistent style are the main concerns for this project.

PROGRAM

Governor's residence main spaces are located in ground floor. All bedroom are located in first floor to provide privacy . Ceremony related activities are located in the basement floor that connects outside area with insid activity. The areas that for family to get together sud dining, living room and kitchen are located in ground floor. Also there is double height family room located in ground floor to bring the whole family together.

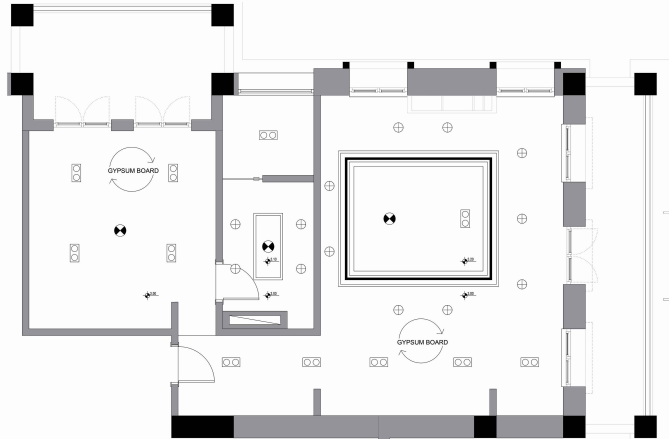

CEREMONY

The ceremony area in the basement floor of the Governor's House is a sophisticated and versatile space designed to host various events and gatherings. It is a well-appointed area that includes a dining area, a saloon area, and an outdoor section, providing a range of options for different types of ceremonies and occasions.

FAMILY ROOM

The family room in the Governor's house is a remarkable space situated on the ground floor, specifically designed to offer comfort and a welcoming atmosphere for the inhabitants. Its prominent feature is the abundance of windows, providing ample natural light and allowing breathtaking views of the surrounding landscape. At the heart of the family room is a cozy fireplace area, which serves as a focal point and adds warmth and charm to the space. The family room boasts a double-height ceiling, creating an expansive and grandiose atmosphere.

GROUND FLOOR

The Governor's house on the ground floor boasts several distinct areas, including a dining area, a family entrance, and the Governor's office, each designed to serve specific purposes while maintaining an air of elegance and functionality. Areas in the Governor's house on the ground floor are thoughtfully designed spaces that cater to specific needs. They blend elegance and functionality, creating an environment where formal engagements, family activities, and official responsibilities can be carried out seamlessly in a refined setting.

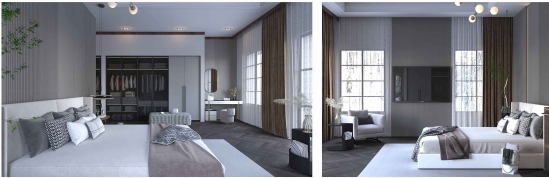

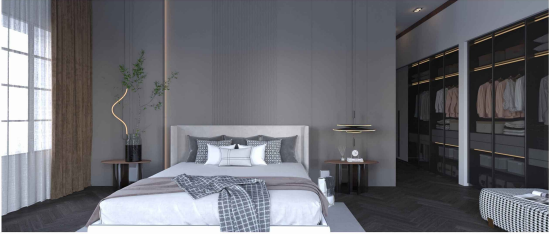

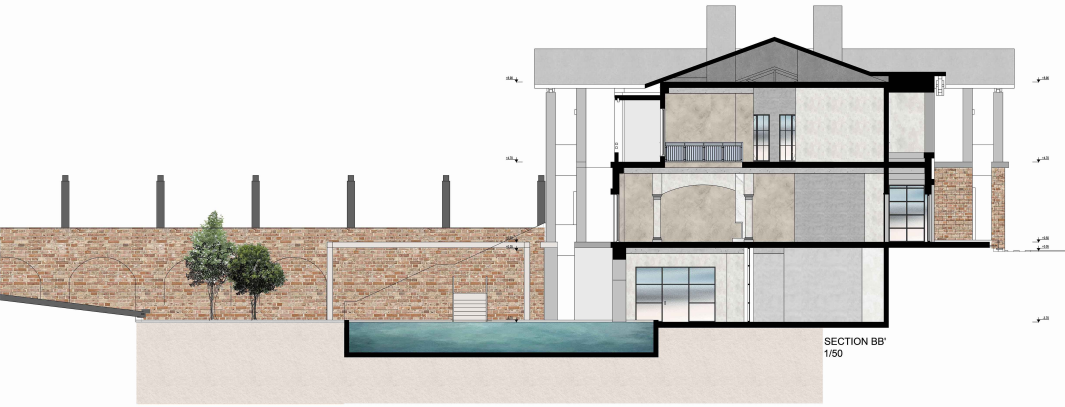

**YOUTH BEDROOM**

the youth bedroom in the Governor's house on the first floor is a thoughtfully designed space that accommodates the various needs of young residents. It includes a comfortable bed, a dressing area, a study area, a resting area, a private WC, and a television for leisure activities. This bedroom provides a nurturing and personal environment where the youth can relax, study, and enjoy their own space within the grandeur of the Governor's residence.

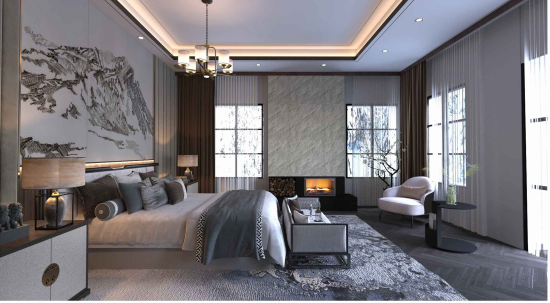

**GUEST BEDROOM**

The guest bedroom in the Governor's house on the first floor is a thoughtfully designed space that prioritizes guest comfort and convenience. It includes a comfortable bed, large dressing area, resting area, private WC, and a TV for entertainment. This bedroom creates a welcoming and comfortable environment for guests.

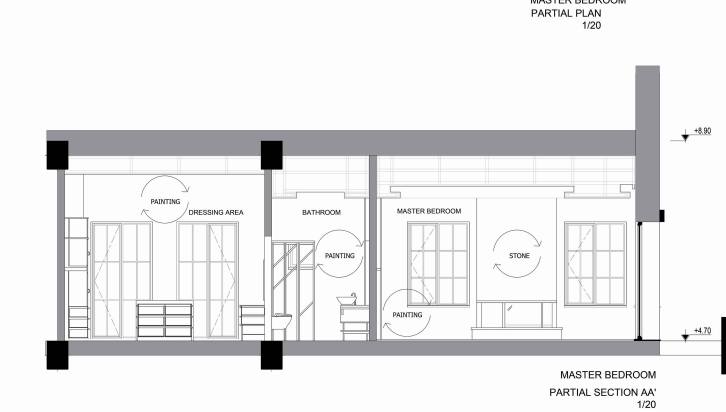

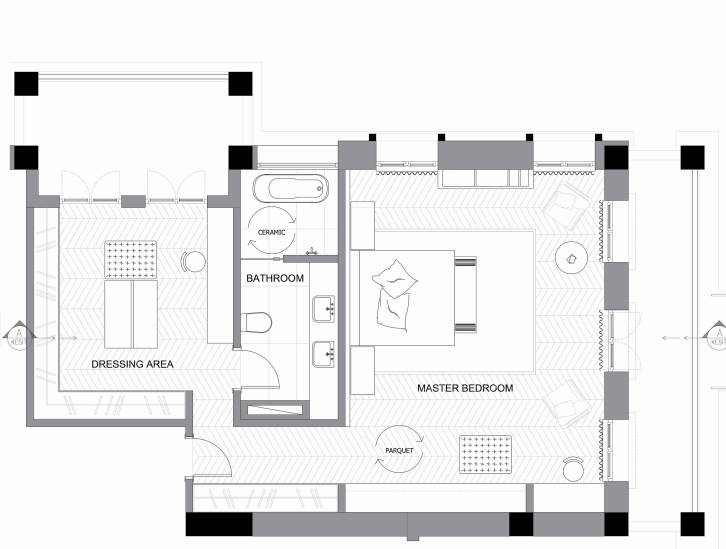

**MASTER BEDROOM**

The master bedroom in the Governor's house, located on the first floor, is a spacious and luxurious retreat. It is designed to provide utmost comfort and privacy to the occupant, who in this case would be the Governor. The master bedroom features a private WC, providing a personal and convenient bathroom space for the Governor. The inclusion of a TV in the room allows for leisurely entertainment. A fireplace adds warmth and a touch of coziness to the ambiance of the room.

### OYA YILDIZ

I am Oya Yıldız. I was born in Bursa in 1999. I completed my high school education in Bursa. In 2017, my Bilkent journey started. I am a fourth-year Interior Architecture and Environmental Design student.

In the spring semester of my last year in the department, I designed the project "A Governor's Residence". Drawings that are shared are not to scale. I hope you will enjoy my final project in the department.

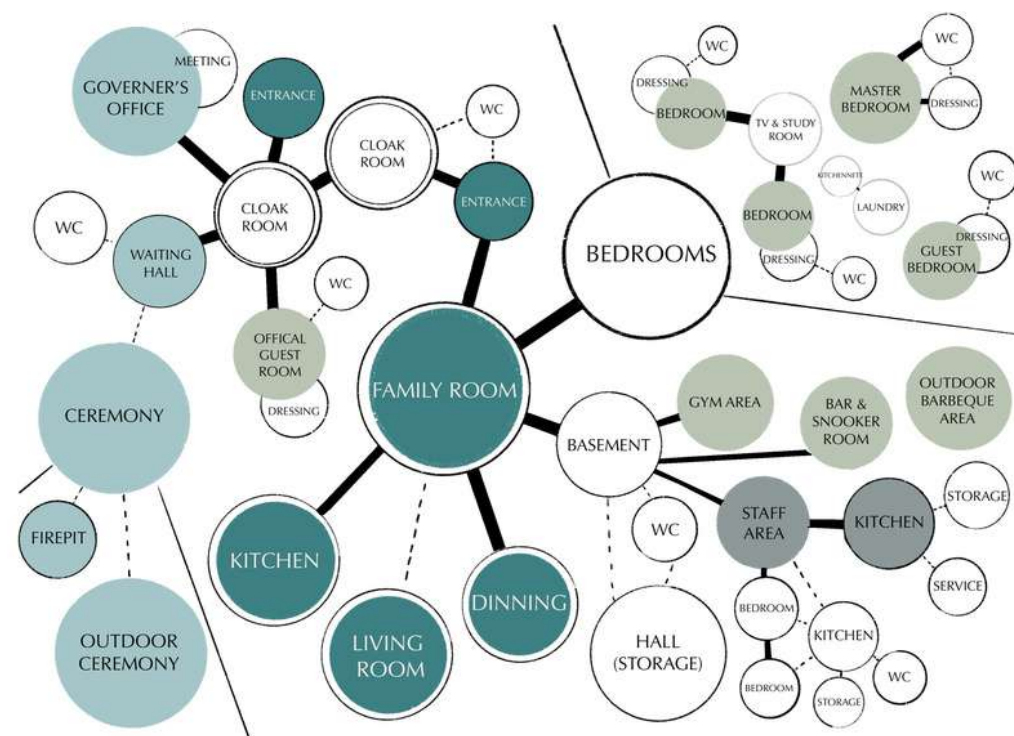

I hope you will enjoy it.
